It is now our turn to come together to support our children, families, and our church by supporting the *Securing Our Future* campaign.
Larry & Teri Pfeil

The gratitude we feel to those that made Catholic education available to our family, and the obligation we feel to make this opportunity available to the next generation is why we support the *Securing Our Future* capital campaign.
Jim & Jeanne Sheehan

A strong Catholic educational system also establishes a solid foundation for the future of the Catholic Church.
Fr. Dale Tupper

It takes a lot of work to keep a valuable education system healthy. We think it's an important thing to do, and we're going to help.

SECURING OUR FUTURE

PACELLI CATHOLIC SCHOOLS

Austin, Minnesota

For over 137 years, the Austin Catholic community has supported the ministry of Catholic education with a long and established tradition of academic excellence, at both the elementary and secondary level. This tradition needs to continue and together we can assure its continuation for decades to come.

This is a very important and critical time in the history of the Pacelli Catholic Schools. The decisions we make today will profoundly affect the future of the Pacelli Catholic Schools and the community of Austin.
